SICILY

**1° giorno : Lipari Porto** - Boarding at 18:30 in Marina Lunga. Our tour starts from Lipari, where our guests can embark. We will be there waiting for you! We will proceed with the assignment of the cabins; you will have time to fix your things and recover from the trip; Briefing with the Skipper! If you want to go out we will be available to suggest and accompany you for dinner and thus try together one of the many typical Aeolian restaurants; otherwise, on board, you will not miss anything to enjoy an excellent dinner in relaxation ...

**2° giorno: Stromboli** - Breakfast and navigation to the island of Panarea (white bone) Stop for a swim, lunch and cruise to the island of Stromboli, stop for a swim and the possibility of free tours of the island and the possibility for enthusiasts to make the ascent to the crater (900m about 4 hours walk) at sunset burning lava excursion (possible night navigation) return to Stromboli, dinner recommended at the observatory to observe the volcano and its Strombolian activity.

**3° giorno: Panarea** - Navigation to Basiluzzo Stop for a swim and lunch, in the afternoon navigation to the Milazzese bay, excursion to the prehistoric village of Cala Junco, stop at anchor at the port of the island, tender service h24

**4° giorno: Filicudi** - Departure for the island of Salina, with a stop for a swim in Pollara, (where the filming of the film "Il Postino" by Massimo Troisi was filmed) in the afternoon navigation to the island of Filicudi and overnight near the village of pecorino, night at the sea.

**5° giorno: Salina** - Departure to the cave of the sea cow and the rock of the barrel, stop for swimming and lunch, after lunch navigation to the island of Salina, entry into the port at 18:00 and possibility of excursions inside the island.

**6° giorno: Lipari** - Navigation towards the characteristic pumice mountains (Lipari) Stop for a swim and navigation to the port in front of the characteristic main square of the island (Marina Corta), possibility of excursion on the island (free dinner) and we recommend at the Home Restaurant with terrace overlooking the sea in the ancient island area.

**7° giorno: Lipari / Porto** - Departure for the characteristic Strepitosa Bay of S. Antonino in West Milazzo, swim and stop for lunch, in the afternoon navigation to Milazzo, swim stop near the beach of Capo Milazzo, return to the port and arrival at around 7:00 pm.

**8° giorno: Porto** - Breakfast and disembarkation at 09.00.

**The itinerary may undergo variations, depending on the weather conditions.**
