Lagopesole is known for its Swabian past, linked to the figures of Frederick II and his son Manfred and for the events related to the brigand Carmine Crocco. The origin of the name comes from the presence of the homonymous lake near the town (Lacus Pensilis), dried up at the beginning of the twentieth century. The organizer is responsible for the execution of all the travel services included in the package, regardless of who is the direct provider of the same. The traveller must promptly contest the discrepancies with respect to the contract and the organizer must remedy them promptly unless this is impossible or excessively burdensome.

Articulated is the discipline related to defects of conformity, which constitute a fulfilment pursuant to art. 1455 of the Civil Code. In such cases, the traveller shall be entitled to:

- a. to terminate the package travel contract without charge and with immediate effect;
- b. if the conditions are met, ask for an adequate reduction of the price for the period during which there has been a lack of conformity, as well as adequate compensation for any damage (art. 43, 1, 1 and 2, paragraph, referred to in art. 42, 5, paragraph, Tourism Code).

#### **11. Cancellation insurance**

- 11.1 Legal provisions: Contracts relating to the offer of only the transport service, the stay service, or any other separate tourist service, as they cannot be considered as a negotiation case of travel organization or package travel, are governed by the following provisions of the CCV: art. 1, n.3 and n.6; arts. 17 to 23; arts. from 24 to 31, (limited to those parts of those provisions which do not relate to the organisation contract) as well as other agreements specifically related to the sale of the individual service under contract. A seller who undertakes to procure for third parties, including by electronic means, an unbundled tourist service, is required to issue to the tourist the documents relating to this service, which report the amount paid for the service.
- 11.2 Terms and conditions: The terms and conditions of the general terms and conditions of the package tour sales contract apply to these contracts. The application of these clauses does not determine the configuration of the relevant contracts as a tourist package. The terminology of the clauses relating to the package travel contract (organizer, travel, etc.) should therefore be understood with reference to the corresponding figures in the contract for the sale of individual travel services (seller, stay, etc.).
