

MONTESALCE FARMHOUSE

NATURE, RELAX AND EXPERIENCES

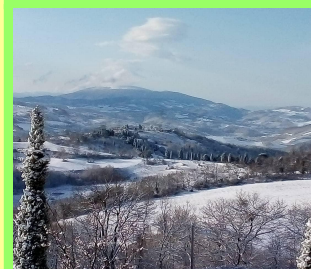

The farmhouse moves at the rhythm of our farm.

Situated in the ancient stone building in our estate, it has a unique and breathtaking landscape on the river Chiascio's valley.

All the apartments have independent entrance, wide and equipped outdoor spaces for an exclusive use, in order to a holiday deep in peaceful nature in complete safety.

All around fields and woods with a lot of rural paths passable walking or by mountain-bike

Not far away from our vegetable-gardens, the olive grove, the orchard, the animals: you will be able to see and "touch" our agricultural productions, taste the fruits of our fields and if you wish you can live directly a "farm experience"!

We accept animals of any type and size!

In the open countryside, just 10 minutes from Gubbio, 35 mins from Perugia, 30 mins from Assisi, it is a strategic point for visiting Umbria.

At about 800mt you can find S.Francesco's Way, the historical road that the Saint traveled from Assisi to Gubbio.

The activities and experiences in the farm and in collaboration with the partners of La Porta dell'Umbria - holistic, arts, approaching nature, cooking, knowledge of our territory - accompany our Guests, at the slow rhythm of the countryside, in a relaxing and stimulating path for the body and soul.
