IBIZA

THE WORLD HERITAGE TOWN

Ibiza, originally called Ibosim and founded by the Phoenicians, preserves considerable evidence of its long history. Dalt Vila, like the old town is named, has been added to by successive occupiers and was once one of the most important coastal cities in the Mediterranean. The last addition was the Renaissance defensive walls that surround it, which Kings Charles I and Philip II of Spain had constructed to defend against the French and the Ottomans.

Now a day the Upper Town of Ibiza is an excellent example of a fortified acropolis which preserves in an exceptional way in its walls all the different cultures.

Ibiza City Tour – Hidden Ibiza

The guided tour is a true journey back in time through the old part of Ibiza Town, declared a World Heritage Site by UNESCO for its ancient history and excellent architectural preservation. We will walk through the cobble alleys of the city, passing through emblematic places and other more hidden places, such as El Soto, a secret tunnel through which the soldiers of Ibiza could enter the city without being seen by the enemies.

You will learn all about a family saga, a famous forger, a bohemian painter, a great love story, an unfortunate poet, and a terrible murder ...

Your guide will know how to mix history with small anecdotes and legends, while he will advise you on some of the best bars and restaurants in the city to fully enjoy your stay.

SAN ANTONIO

THE CITY OF STREETART & CULTUR

Once a small fishing village for almost 2000 years, San Antonio is now well known for the sunset, sitting in CAFÉ DEL MAR and listening to the chilly music to say goodbye to a beautiful day. But San Antonio offers more than this, here we can find culture, tradition, and history in every corner.

2011 the first Bloop festival was celebrated in San Antonio and enriches the city with extraordinary works by international artists, which is a must to be seen. The mixture between traditional and modern art is perfectly integrated here.

San Antonio & Street Art Tour

Let me show you the amazing history place of Sa Punta des Molí, where people come together to grind their grain, press olives, and celebrate the holidays. Here we meet modern art with traditional culture. After enjoying a walk on the promenade where we will listen to some anecdotes from our tour guide, we come to the square de ses fonts. There we find out that Columbus was once in Ibiza.

But not only he discovered the uniqueness of San Antonio, but international street artists have also come to appreciate this place. After our guide interprets some street art paintings, we discover the fortified church and various monuments, until we come along the harbour to the lighthouse. Depending on the time of day, we can then enjoy one of the magical sunsets to finish off the tour.

SANTA EULALIA

THE MYSTERIOUS AND MAGICAL TOWN

Immerse yourself in the world of fables and the historical background of the second biggest Ibizan town, and the only one with a river on the island. Known as Xarc in the time of the Muslims, it offers a variety of culture and history which many of the visitors don't know.

The name of the town, the river, its Roman bridge, the fountain, and the fortified church have mysterious and magical stories to tell. Let yourself be enchanted by this unknown side of Santa Eulalia.
