VISION

**FIAC
2021/22**

ABOUT FIAC

FIAC, established in 1949 with in **ANIMA CONFINDUSTRIA**, is still a qualified reference and specific point for safe guarding the trade category it represents.

Fiac is indeed **the representative organization of Italian manufacturers of metal household products**, the most renowned and representative companies of the **"Made in Italy", brand of quality and excellence in the sector**, producing the following categories of products: flatware, cutlery, cookware and metallic pottery.

More over is Fiac involved in the standard working activity with in **national (UNI) and international standardization bodies (CEN, ISO)**. In particular, FIAC is aimed to attend and coordinate main **technical tables** where the rules of the game for the sector are defined, as standards of products, food safety and product performance.

FIAC is active member of FEC, Federation of the European Cutlery, Flatware, Holloware and Cookware industries. FEC gathers wide representation of European companies of the branch and represents common technological and scientific interests of the industry

STRATEGIC PARTNER

FIAC cooperates with competent authorities regarding legislative compliance with community and international standards and **import-export of housewares.**

Some examples of our activity: **MOCA Quality Label Project** with ICIM and participation in the **CAST Project for preparation of guidelines for the application of 2023/2006/CE Regulation.**

FIAC participation through its Technical referents is aimed at introducing a guideline dedicated to metal coated oven articles.

FIAC provides proper information on methods and tools of penetration or consolidation in **foreign markets.**

Under operative profile, it supports member-companies with **exploration and promotional actions by cooperating with ITA Italian Trade Agency directly.**

FIAC searches and selects information on both financial tools and new business opportunities which may enable **politics of innovation, digitalisation and green economy.**

Every two years does FIAC issue a **White Paper**, the branch study including a branch detailed analysis from the economic financial point of view, carried out by ANIMA Economic Department with supervision of Milan's Cattolica and Bocconi Universities.

FIAC actively cooperates with all major trade fairs
Fiera Milano HOMI Lifestyle and HOST Ho.Re.Ca
Messe FKF AMBIENTE and IGCS
Safi Salons M&O Paris
in order to relaunch both **physical and digital exhibitions.**

FIAC is main player with its member-companies of **Strategic Table** together with its counterpart ART-ARTI TAVOLA association of Confcommercio system, in order to study and **promote initiatives in favour of the sector**, by creating **product culture** and **promoting internal dynamics** within the European market.

FIAC TEAM

FIAC Italian Association of Homeware, Tableware and similar articles Manufacturers

CLEMENTE BUGATTI - Vice President FIAC ANIMA

Born in Lumezzane in 1967, he is part of the fourth generation of the Bugatti family.

To the technical background, he combines the long experience gained in the various company functions.

Today he is the CEO of Ilcar di Bugatti S.r.l. and responsible for R&D.

Off-road motorcycle enthusiast, he took part in the Italian and European championship between 1981-1991, winning the first place and twice the second place in the Italian championship.

He led Ilcar in the various stages of the company's evolution: from a third party manufacturer, to the launch of the Bugatti brand on the market, to diversification in the small appliance with the Diva coffee machine and all the other products.

His also the idea of the revolutionary NOUN, the smart cooking system with the innovative GTH Technology. Today he signs the design of the B Bottles.
