"Let food be thy medicine and thy medicine is food."

Elisir "G3" is a nutraceuticals drink based on red orange juice with Goji (antioxidants), Guarana (energizing) and Ganoderma Lucidum extract (immunostimulant).
Four precious allies for our health.

Arancia rossa

Bacche di Goji

Guaranà

Ganoderma Lucidum

Nutraceutical Foods or "drug foods" are those foods that associate nutritional components selected for characteristics, such as high digestibility and hypoallergenicity, to natural healing properties.

The beneficial properties of nutraceutical elements are certified by the Italian Ministry of Health in accordance with the Commission for Dietetics and Nutrition – C.U.D.N.

Goji, Guarana and Ganoderma Lucidum are part of the list of the Italian Ministry of Health "halting and herbal preparations allowed".

This document contains the ministerial reference guidelines for the physiological effects updated by Commission for Dietetics and Nutrition – CUDN, of 18-12-2013 specifying the following benefits:

- 1) **Goji (Lycium Barbarum):** Antioxidant
- 2) **Guarana (Paullinia sullen Kunt):** Tonic (physical and mental fatigue); Stimulation of metabolism, lipid metabolism and balance of body weight
- 3) **Ganoderma Lucidum (Reisi):** Natural body defenses (immunostimulant)
